

Roe Lee Park P.E. Intent Statement 20 21

Roe Lee Park Primary School

'Free to Flourish'

Statement of Intent

Our Mission Statement is;

'Children, parents, governors and all staff to work together to ensure that everyone fulfils their potential and enjoys a rewarding experience'.

We believe a high quality PE curriculum should be an integral part of Roe Lee's whole school curriculum.

PE at Roe Lee is a subject that staff, pupils and parents understand and can contribute to and always takes place in a safe and supportive environment.

PE is a unique and vital contributor to our pupil's overall development and well-being including their physical and mental health.

Through PE and School Sport our children can learn to develop the important life skills of discipline, resilience, communication, team work, and ambition and that these skills support the overall vision of Roe Lee Park School.

Our PE curriculum aims to ensure that all pupils develop the fundamental skills and competence to excel in a wide range of physical activities by providing a broad and balanced curriculum with opportunities for all to be enjoyed.

It develops physical literacy and allows pupils to learn about themselves, the importance of a healthy lifestyle, self-expression and concepts such as fair play and respect. It also contributes to the development of a range of important cognitive skills such as decision making and analysis, and social skills such as teamwork and communication.

Our PE curriculum is inclusive and ensures that pupils of all abilities access the range of activities we offer and that they are physically active for sustained periods of time in order to encourage them to lead healthy, active lives.

Being part of the School Games programme gives children the opportunity to represent Roe Lee Park in intra and inter school competitions which will provide opportunities for pupils to

'Free to Flourish'

'Free to Flourish'

participate in competitive sports and activities both in and beyond the curriculum. This will mean that pupils have the opportunity to participate at all of the four levels of competitive sport.

Our mission is to improve and increase the quality and quantity of high quality PE for pupils, to show how PE can enhance pupils' attainment and achievement and to create pathways for them to continue to be active beyond school. We continue to develop our links to outside agencies and clubs which will help to generate positive interaction in the community.

We are striving towards improving the delivery of the teaching and learning of PE in order to promote participation, progress and performance. 'High quality PE and school sport produces young people with the skills, understanding, desire and commitment to continue to improve and achieve in a range of PE, sport and health-enhancing physical activities in line with their abilities' (DCMS Learning through PE & Sport).

Our school also recognises the impact that the provision of a high quality PE and school sport curriculum has on the whole school and that it can lead to whole school improvements.

'Developing pupil's personal qualities through PE can affect their attitudes towards school and learning. When PE and school sport provision is of the highest quality, all pupils will, to the best of their abilities, develop and demonstrate the following personal qualities:

- A strong desire to learn and make progress;
- High levels of dedication, attendance and involvement in PE and school sport;
- High levels of commitment to PE and school sport;
- Good levels of positive behaviour such as politeness, fair play and helpfulness; and
- High levels of enjoyment and enthusiasm and a strong desire to get involved.

We harness the power of sport, physical activity and PE to increase young people's life chances through improved wellbeing, healthier lifestyles and greater attainment. In this way we are helping children to become school ready, promoting inclusion and tolerance and giving young people a sense of belonging.
